

## **Indo-French Seminar on Magnetism and Spintronics**

“Requesting application from Research Scholars/Post Docs to attend the Indo-French Seminar on Magnetism and Spintronics, 28-31 Jan. 2010, Varanasi”

It is possible that few students ( ~ 6-8) may be accommodated at the venue on a room sharing basis. The students will be chosen depending on the area of work (magnetism and spintronics) and no. of years of research experience. Fresh researchers will be given a low priority. They will be given travel support by train in IIAC class to the venue and local hospitality. I require student application to be submitted by 28th of December 2009 on my email id: [ramani@iitb.ac.in](mailto:ramani@iitb.ac.in)
