

Guidelines to students who apply for academic concession on medical grounds

The students who were not treated at IIT Bombay hospital or not recommended by IIT Bombay hospital for treatment at outside hospitals, are required to submit the following documents while applying for academic concession on medical grounds:

1. Key documents (with diagnosis), from those generated during disease management.
2. Medical certificate/s of treating doctor with recommendations for future action plan. It will help further if the doctor mentions the student's request for academic concession and his/ her advise about the same.

(It may be noted that, in some cases, available documents may not suffice for clear recommendations for academic concession on medical grounds).
