Dear Applicant,

With reference to your application to Master of Design Course in Industrial Design Centre, we are pleased to call you for the Aptitude test and interview at this center (See the list below). It is requested to attend the test and interview as per the schedule.

1. You have to bring your own drawing/writing material such as pens, sketch pens, pencil, brush, paints, paper cutters, scale, etc. for the test.

2. You are required to produce at the time of interview all the degree/diploma certificates in original pertaining to your educational qualifications, as well as original CEED score card, caste certificate and other certificates, if any, for verification.

3. In case, the final result is awaited, you have to bring the provisional certificate from your college / institute.

4. Bring along with you specimen of your work (prints, sketches, slides drawings, project reports etc.). One can also use Digital Presentation in PDF format only.

5. The institute reserves the right to withdraw the admission at any stage, if the candidate is found deficient in qualification or supplies false information.

6. The candidates will have to make their own arrangement for travel etc. for attending the test and interview. Subject to availability, accommodation can be made available in the institute student Hostel for outstation candidates on first come first served basis. Interested candidates may contact Hostel Co-ordinating Unit in the Main Building on 022-25768900 or email: hcu.office@iitb.ac.in

7. All candidates should refer to the information given in IDC admission brochure 2015.

8. Final list of selected candidates (provisional) will be released by the Academic Office on April 17, 2015.

9. Candidates selected with TA ship will be required to pay Rs. 27,876/- (for SC/ST/PD Rs. 22,876/-) and self financed candidates will required to pay Rs. 47,876/- as the first installment of fees between April 17th to April 29th 2015 by Demand Draft in favour of ‘Registrar, IIT Bombay’ payable at State Bank of India, IIT Powai Branch
The candidates will require approx. Rs. 6,000/- to buy stationary materials and tools before the class work starts. The list of such items will be given at the time of registration. Students are also encouraged to have their own laptop/personal computer with the licensed software and virus protection kit.

10. The candidates after selection in IDC have an option to join the two schemes, viz. Design Innovation Centre and TATA Centre for Technology and Design. A gist is given below as to what are these two schemes:

1) Design Innovation Centre (DIC): DIC of IITB is supported by MHRD and has been set up as a virtual collaborative programme to undertake live projects. In this scheme the students are required to undertake projects in collaboration with other M.Tech students in their final year in the areas of interest of Design Innovation Centre. You can also visit the website: [https://diciitb.wordpress.com](https://diciitb.wordpress.com)

2) TATA Centre for Technology and Design (TCTD): TATA Centre for Technology and Design at IITB is established in March 2014 in collaboration with Sir Dorabji Tata Trust. At TCTD the focus is on developing technologies, product and system to deal with the challenges facing India’s bottom sector and indeed that of many developing countries. In this scheme the students are required to take projects of TCTD under the guidance of associated faculty. You can also visit the website: [http://www.tatacentre.iitb.ac.in/tatacentre/](http://www.tatacentre.iitb.ac.in/tatacentre/)

11. Please note that this call letter for the test and interview does not guarantee admission to the M.Des Programme.

Prof. B.K. Chakravarthy
Head IDC
