Introduction:

Rules are classified into three separate categories as follows: (i) those which may be implemented within a department by DUGC/DPGC, (ii) those that require a decision at the level of A/Dean AP, or UGAPEC/PGAPEC, based on recommendations from the departmental bodies (iii) those that need to be discussed in the Senate for a decision.

Therefore, rules are colored with one of three colors.

1. The color green indicates that the final authority for the rule is the Convener, DPGC.

2. The color yellow, and underlined means that the final authority is Associate Dean(AP)/Dean (AP).

3. The color yellow, without an underline means that the Convener, PGAPEC is the authority.

4. The color pink means that the final authority is the Senate.

5. The rule which is uncolored, is to be implemented strictly.

Any application pertaining to the rule may be sent to the appropriate authority.

As a result of the sound research base and extensive infrastructural facilities available, the Institute offers a Ph.D. Programme in a wide range of areas in Engineering, Science, Design and Humanities & Social Sciences, Management. The broad objectives of the Ph.D. programme are: to keep pace with the expanding frontiers of knowledge and to provide research training relevant to the present social and economic objectives of the country.

The academic programme leading to the Ph.D. degree is broad-based. It involves a minimum course credit requirement and a research thesis. The institute also encourages research in interdisciplinary areas through a system of joint supervision and interdepartmental group activities. The presence of a strong research-oriented faculty provides excellent opportunities for such programmes. The Institute undertakes sponsored research and development projects from industrial and other organizations in the public and private sectors.

Facilities for research work leading to the Ph.D. Degree are available in all the Science, Engineering, Design and Humanities & Social Sciences, Management departments. In addition to the facilities available in the laboratories and Workshops of his/her own department, a Ph.D. scholar has access to the central facilities available elsewhere in the Institute also. Several departmental and Institute-level seminars are held throughout the year. A large number of distinguished scientists and engineers both from India and abroad, visit the Institute to deliver lectures and hold discussions with the research groups. 5. Course Assessment and Award of Grades

R.5.1 : Grade Points
For every course taken by the student, he/she is assigned a grade based on his/her combined performance in all the assessments. These grades are described by the following letters and corresponding grade points.

AP (10 points [Grade is awarded to students with exceptional performance]), AA (10 points), AB (9 points), BB (8 points), BC (7 points), CC (6 points), CD (5 points), DD (4 points), and FF (0 points), FR (0 points), PP (Passed, 0 points), NP (not Passed, 0 points), AU (Passed, 0 points) DX (0 points) and W (0 points).

**Minimum passing grade in a course is ‘DD’.** Some courses are only associated with PP/ NP grades. In such courses, satisfactory completion is indicated by the award of the PP grade.

The minimum passing grade for all UG and PG courses is DD. **However, PG students should acquire a minimum CPI of 6.00 at the end of each semester.**

The grade “AP” indicates exceptional performance and is awarded only in the Course/(s) in which the number of registered students is more than 50. It should not exceed 2 % of the total strength of the particular theory or lab course. The grade “AP” is not awarded for 29 projects / seminars.

All grades (including FR, DX, W etc.) obtained by a student will be mentioned in the transcript. (Ref. 225th Senate Meeting)

R.5.2 : Failure Grades
The letter grades FF and FR shall be treated as failure grades. **Re-examination is permitted for a course if the student obtains FF grade.** After such re-examination if the student passes in that course, he/she will be awarded the maximum grade of DD* in that course. If a student does not take or fails in the re-examination, he/she will be awarded the grade FR. (*Ref. : 167th Senate Meeting).

**FR grade** will be awarded in case(s) where, in the opinion of the Instructor (panel of examiners in case of the Projects), the student has inadequate academic exposure to the course/has very poor performance in the in-semester and/or end-semester examinations.

**A student getting a FR grade has to re-register for the same course if it is a core subject. If this course is an elective course, he/she may register for an alternative course as prescribed by the DPGC/IDPC/SPGC, without this being counted as an additional courses. The faculty advisors and DPGC/IDPC/SPGC would exercise special care and assist the students in this regard.**

Rules and Regulations for Ph.D. Programme
R.5.2.1: 'FR' grade for Academic Malpractice (232nd Senate Meeting)

(i) "FR" grade may also be awarded for Academic malpractices. Details pertaining to Academic malpractices are available at:
http://www.iitb.ac.in/newacadhome/punishments201521July.pdf

(ii) Academic Malpractices are severely dealt with. The details pertaining to Academic malpractices are available at:
http://www.iitb.ac.in/newacadhome/punishments201521July.pdf

R.5.3: Re-examination in a course

A student will be permitted to take the re-examination for a course where he/she has an FF grade provided the number of failed backlog courses (with FR grade) does not exceed the limit permitted i.e. At most two during the entire programme. (Ref. 167th Meeting of the Senate and 182nd Senate).

R.5.4: Audit Course

A student wanting just an exposure to a course, without the rigors of obtaining a letter grade, can register a course in 'Audit' mode. A course can be audited provided the course is offered in the semester as a credit course for others, and there is no slot clash. Prior permission of the Instructor is required.

To complete a course in 'Audit' mode, the student has to fulfil the requirement as set by the course instructor, such as submission of assignments and minimum performances in in-semester evaluations.

A student, on successful completion of the requirements of a course in 'Audit' mode, will be eligible for a 'AU' grade. The 'AU' grade carries zero grade point and is not included in SPI/CPI calculations. The 'AU' grade will be shown in the Transcript.

In case a student fails to complete the requirements of a course, registered in 'Audit' mode, instructor will not assign any grade and the student will be de-registered from the course. The same will be deleted from the student's registration, as it will be assumed that the course has been dropped by that student.

PG student can audit maximum TWO courses per semester.

R.5.5: Additional Learning (Ref: 210 Senate Meeting, 237th Senate Meeting)

The students have an option of taking a course as "Additional Learning". These courses can be registered at the time of semester registration of courses. Registration for additional courses will require approval of the faculty advisor. "Additional Learning" tagged courses will be in addition to the minimum course credit requirement and will not effect the SPI/CPI, but the actual grades obtained will be shown in the transcript.
There will be one-time option of changing the tag of a course. The “Additional Learning” tagged courses can be re-tagged as “Department/Institute Elective” and vis-a-versa. “Core courses” cannot be re-tagged as “Additional Learning” or “Department/Institute Elective”.

The option of permitting student to register a course as “Audit” is left to the course instructor.

R.5.6 : II grades (Ref : 207th meeting of Senate)
The grade II shall be awarded to a student in a lecture/ laboratory course if he/she has satisfactory in-semester performance and has fulfilled the attendance requirement, but has not appeared for the semester-end examination. The student will be eligible for a make-up for the semester-end examination if the absence was due to medical reasons or extraordinary circumstances. For re-examination, the student will have to apply to the Academic Office. In case of absence due to medical reasons, the application should be accompanied by a medical certificate issued/ authenticated by IIT Bombay Hospital. In case of absence due to extraordinary circumstances, the supporting documents should be submitted. The Academic Office will decide whether re-examination is to be allowed, after consulting with UGAPEC/ PGAPEC (in case of medical reasons) and Dean AP (in case of extraordinary circumstances). In case a re-examination is allowed and is conducted, the instructor shall decide the final grade on the basis of sum of in-semester and the re-examination marks. The weightage of the re-examination would be the same as that of the final examination that the student has missed. In all other cases the II grade will be converted to FR grade.

R.5.7 : Seminar Grades
For the students who have submitted the seminar report in time, but the evaluation of which however could not be completed in time, the Seminar Coordinator shall award the grade II and shall forward the grade report to the Academic Office before the end of the semester. All such II grades shall be converted into suitable letter grades in due course of time, before one month following the end of the semester.

R.5.8 : Non-submission of Seminar Report/Absent for Presentation
If a student either does not submit his/her seminar report by the prescribed date or he/she is absent for presentation on the scheduled date he/she shall be awarded FF grade unless he/she is given extension by the coordinator under exceptional circumstances.

R.5.9 : Award of Grades in Seminar after obtaining 'FF' in earlier presentation (Ref. 167th Meeting of the Senate).

All students who get FF grade in Seminar shall be allowed to complete the evaluation during the period earmarked for re-examination and will not be given a grade better than the minimum passing grade, DD.
R.5.10 : Class Attendance Rules

DX grade *(Ref : 235th meeting of Senate)* - “'DX' grade is awarded to students who have inadequate attendance as per following: IIT Bombay expects one hundred percent (100 %) attendance from its students. If the attendance of the student, as counted with effect from the first contact hour, falls below eighty percent of the total attendance expected, the instructor may award the student a ‘Drop due to inadequate attendance’, ‘DX’ grade in that course. For the purpose of CPI calculation, the ‘Drop due to inadequate attendance’ Grade would be treated as equivalent to a ‘Course Drop’ carried out on initiation by the student. In calculating attendance, no specific concession may be given for lack of attendance on Medical grounds. Further, if a student has 80% attendance or more, he/she cannot be awarded the ‘DX’ grade.”

The only exception to this rule are courses where the instructor has declared that no DX grade will be awarded.

The instructor may also reserve some weightage up to a maximum of 20%, for attendance and/or class participation.

R.5.11 Compensatory time to PwD students *(Ref: 239th Senate Meeting - effective from end semester examination of the Autumn Semester 2019-20)*

Compensatory time is to be provided to all PwD students across the Institute during written examination.

For PwD Students, 'compensatory time' will not be less than 20 minutes per hour of examination for persons who are allowed use of scribe/reader/lab assistant. All the candidates with benchmark disability not availing the facility of scribe may be allowed additional time of minimum of one hour for examination of 3 hours duration. In case the duration of the examination is less than an hour, then the duration of additional time will be allowed on prorata basis. Additional time will not be less than 5 minutes and will be in the multiple of 5".

PwD students must inform the instructors in advance regarding their need for compensatory time during examination.

R.5.12 : End Semester Examination *(257th senate meeting)*

The semester-end examination is desirable. If the instructor requires any deviation from having semester-end examination for his/her course, he/she should obtain approval from the respective DPGC, giving the justification, before the beginning of the semester.
R 5.13 : Disclosing the Evaluated Answer scripts after Semester-End Examination (259th senate meeting)

A course instructor will make arrangement for students to see all evaluated answer scripts, student submissions and other graded material before finalization of grades for theory as well as for lab courses as per dates published in Academic Calendar.

6. Performance Requirements in Course Work for Qualifying to Register for the Ph.D. Degree

R.6.1 : Required to maintain a minimum CPI of 6.00 at the end of each Semester

The performance of a student in a semester is indicated by a number called the Semester Performance Index (SPI). The SPI is the weighted average of the grade points obtained in all the courses taken by the student during the semester.

Example : Suppose in a given semester, a student has taken five courses having credits $C_1, C_2, C_3, C_4, C_5$ and his/her grade points in those courses are $G_1, G_2, G_3, G_4, G_5$ respectively.

Then his/ her

$$SPI = \frac{C_1 G_1 + C_2 G_2 + C_3 G_3 + C_4 G_4 + C_5 G_5}{C_1 + C_2 + C_3 + C_4 + C_5}$$

SPI will be calculated (after re-examination, if any) on the basis of the final grades awarded AA, AB, BB, BC, CC, CD, DD and FR. The SPI is calculated up to two decimal places.

An up-to-date assessment from the time the student entered the Institute is obtained by calculating a number called the Cumulative Performance Index (CPI). The CPI is the weighted average of the grade points obtained in all the courses taken by the student since he/ she entered the Institute. It is calculated in the same manner as the SPI.

A student who obtains a fail grade (FR) in a course more than once, the grade points/credits will figure only once in the numerator as well as denominator, respectively, for the purpose of SPI/CPI calculations. (Ref. 228th Senate Meeting)

The updated SPI/ CPI will be shown in the transcript only after the last date of grade submission (project and course) as per the Academic Calendar. Till then, only the SPI/ CPI till previous completed semesters will be displayed. (241st & 246th Senate Meeting)
R.6.2: For students with credit requirement of 16 to 22 credits

i) In the first semester, if a student fails in only one course and obtains the grade FF, he/she can avail of a re-examination in that course at the end of first semester. However, if he/she obtains more than one FF grade or an FR grade, he/she is not entitled for a re-examination.

ii) The credit requirement as prescribed by the DPGC/IDPC/PGC must normally be completed at the end of the first semester but can be extended beyond the first semester if additional courses have been prescribed.

R.6.3: For students with credit requirement of more than 22 credits

i) A student must not obtain a failure grade (FR) for more than one course in his/her entire course programme, else he/she has to quit the programme.

ii) In a semester, if a student fails in only one course and obtains the grade FF, and if he/she has not obtained a failure grade (FF or FR) in the first semester then he/she can avail of a re-examination in that course at the end of that semester. However, if a student obtains more than one failure grade, than he/she is not entitled for a re-examination and he/she has to quit the programme.

iii) In a given semester, if a student fails in only one course and obtains the grade FR (after a re-examination, if any), and if he/she has not obtained a failure grade (FF or FR) in an earlier semester then he/she will register either for the same course or for an alternative course in the next semester, as prescribed by the DPGC/IDPC/PGC.

iv) The credit requirement as prescribed by the DPGC/IDPC/PGC must normally be completed by the end of the second semester.

v) FR in additional learning course will not be counted towards discontinuation of the programme.

R.6.4: Students who obtains FF/FR grades as enumerated in R.6.2 & 6.3

All categories of students not fulfilling the requirements as enumerated in R.6.2 and R.6.3 are liable to discontinue their Ph.D. programme. The PGAPEC will take a decision in this regard after reviewing the cases of such students.

R.6.5: Additional Qualifier requirement for Confirmation of Ph.D. Registration
