POWAI, MUMBAI – 400076
Advertisement No: A-40/15-16**

Applications are invited for the positions of post-Doctoral Fellows (PDF) in Wadhvani Research Center for Bioengineering, IIT Bombay for the year 2016-17.

The details of PDF is given below:

No. of Posts	:	2 (Two)
Eligibility	:	Ph.D. with Bioengineering as research focus with excellent publication record.
Research Areas	:	Candidates must be experienced in one or more of the following research areas: Enzyme and Host engineering, Microfluidics, Biosensor instrumentation & system interfacing, Impedance tomography, Biomarkers, Proteomics, Bioinformatics, Optical spectroscopic and microscopic methods.
Fellowship Amount	:	Rs. 75,000 – 1,00,000/- per month, depending on the credentials.
Tenure	:	2 years and renewable up to one more year based on performance
Age	:	Below 35 years
Responsibilities	:	The incumbent will work closely with IIT Bombay faculty associated with WRCB and produce scholarly research of high standards. He/She is also expected to pledge time to activities like proposal and report writing and conducting Workshops/Seminars/Conferences.

Wadhvani Research Center for Bioengineering (WRCB), IIT Bombay

WRCB focuses on transnational research in bioengineering and is looking for talented candidates who have a strong desire and capacity to work towards cutting edge research.

Individuals interested in working in the above mentioned fields may kindly send their CV's along with research plan(maximum 2 pages) and arrange to have two letters of references emailed directly to office.wrcb@iitb.ac.in by 30th January, 2016.

Please send your CV and Research Plan to-

Prof Pramod P. Wangikar
Department of Biosciences and Bioengineering
Indian Institute of Technology Bombay
Powai, Mumbai – 400076

OR

office.wrcb@iitb.ac.in

The last date for receiving the above is 30th January, 2016.
