

Message from the Head, Department Of Chemical Engineering

Ph.D interviews, December 2021

1. **Interview:** An online interview (Video Conference mode) through WebEx/Google-meet/Zoom etc will be conducted from **3rd and 4th December 2021**. The *specific time slot* for interview of a shortlisted candidate will be uploaded on 29 November 2021 at:

<https://www.che.iitb.ac.in/phd-admission-information>

2. Detailed information regarding interviews:

For detailed information about the selection procedure, online interview process, and TAP/FA topics, visit <https://www.che.iitb.ac.in/phd-admission-information>

This webpage is updated frequently.

3. Following are the requirements you have to complete before 22 November 2021

3.1 **If you are called for an interview**, you have to email your project report (last available B.Tech/M.Tech/M.Sc) to phd.chemical.iitb@gmail.com by 22 November 2021. Rename your project report as “RCL_____project.pdf” (e.g. RCL202110292_project.pdf). In the subject field of your email, please write your RCL number. Please do not use this email id for any other communication.

3.2 Before their interviews, candidates will need to submit their preferences on the TA/TAP/FA topics. Therefore, you are requested to review these topics, which will be made available by 15 November 2021. You have to submit your preferences **in a google form made available at** <https://www.che.iitb.ac.in/phd-admission-information>. **You have to complete and submit the form on or before 22 November 2021.**

3.3 An online discussion session will be organised between 15-22 November 2021 to clarify any questions candidates may have regarding the admission process/topic selection (TA/TAP/FA etc.). Details about this session will be shared at: <https://www.che.iitb.ac.in/phd-admission-information>

Please visit the above mentioned departmental website frequently for updated information.
