

Indian Institute of Technology Bombay

Message from the Head, CTARA

Ph.D. Admission, Spring Semester 2022-23

Dear Candidate,

"The admission process for the PhD program at CTARA would be conducted in the online mode for the January 2023 admissions. Candidates will be shortlisted based on the application material submitted by the candidates. Candidates from only those categories will be considered for this round of admission for which seats are available. Shortlisted candidates will be intimated about the date and timing of their online interviews. CTARA may ask some candidates to appear for the second round of interview on the same day or after a short gap. Further instructions, if any, will be put up on the CTARA website. All applicants to the CTARA PhD program are advised to keep track of announcements on the CTARA website."

Head, CTARA
