# **Rules and Regulations**

## **M.Tech./M.P.P./ M.Des./MBA Programme**

**Academic Office**

**2023-2024**

**July, 2023**

## Introduction:

Rules are classified into three separate categories as follows: (i) those which may be implemented within a department by DUGC/DPGC, (ii) those that require a decision at the level of A/Dean AP, or UGAPEC/PGAPEC, based on recommendations from the departmental bodies (iii) those that need to be discussed in the Senate for a decision.

Therefore, rules are colored with one of three colors.

1. The **color green** indicates that the final authority for the rule is the **Convener, DPGC**.
2. The **color yellow, and underlined** means that the final authority is **Associate Dean(AP)/Dean (AP)**.
3. The **color yellow, without an underline** means that the **Convener, PGAPEC** is the authority.
4. The **color pink** means that the final authority is the **Senate**.
5. The rule which is uncolored, is to be implemented strictly.

Any application pertaining to the rule may be sent to the appropriate authority.

**INDIAN INSTITUTE OF TECHNOLOGY**  
**Academic Office**

**Rules for Master of Technology, Master of Public Policy, Master of Design  
and Master of Business Administration Programme**

## **Preface**

Academic Programmes of the Institute are governed by Rules and Regulations as approved by the Senate, which is the highest Academic body of this Institute. The Senate continuously monitors these programmes and makes appropriate modifications/improvements from time to time. This booklet gives comprehensive information on the existing Rules & Regulations about the M.Tech./ M.P.P./ M.Des./MBA/ Programmes.

The academic system is semester based and hence the students are required to follow certain procedures and meet certain academic requirements each semester.

It is in the interest of the student that he/she should be fully familiar with the academic systems of this Institute. Particular attention should be paid to the schedule and structure of coursework and project work, the assessment procedure and the rules governing conduct and assessment of these activities.

The academic performance is monitored by the **Postgraduate Academic Performance Evaluation Committee (PGAPEC)**, which also reviews status of individuals after reviewing their performance.

## **PROGRAMME COMMITTEES**

The Institute offers Postgraduate Programmes in various areas (Table-1). The following sections provide the details of the programmes and set of rules governing them.

In order to keep pace with the rapid developments in science and technology and also to keep in view the requirements of the nation and the aspirations of students, it is imperative that the academic programmes of the Institute are reviewed continuously. The **Postgraduate Programmes Committee (PGPC)** is entrusted with this responsibility. It deliberates upon academic proposals received from the various **Departmental Postgraduate Committees ((DPGCs)**, **Interdisciplinary Programmes Committees (IDPCs)**, **School Postgraduate Committees (SPGCs)** and **Postgraduate Committees for Centre (PGCs)**. Based on its deliberations, it makes suitable recommendations to the Senate for its approval.

## **FACULTY ADVISORY SYSTEM**

The advisory system plays a very important role in a flexible curriculum of the type offered under the various programmes of the Institute. The choice of courses being very wide, and considerable flexibility in these programmes being a characteristic feature, students normally need guidance to formulate a meaningful and well-knit programme. On joining the Institute each student is assigned a Faculty Advisor or a group of Faculty Advisors. He/She is expected to consult his/her Faculty Advisor on all matters relating to his/her in-semester and end-semester academic performance and the course workload he/she may take in the particular semester. The students are advised to contact the Faculty Advisors for advice about courses within the framework of the norms laid down for the purpose. For the student's project, his/her supervisor automatically becomes a Co-faculty Advisor and often takes over most of the role played by the Faculty Advisor after the Supervisor-student assignment is made. For further registration for courses, the students should consult their project supervisor also.

Table 1 gives the various programmes and specializations, which are available at the Institute.

## **M.TECH., AND M.P.P. PROGRAMMES**

These programmes are of a two-year duration. The total minimum credit requirement for the entire programme varies from one programme to another (i.e. the M.Tech Programme of Department 'A' may be different from the Department 'B'), and may be in the range of 156-170 credits. Each programme is managed as per the Institute rules by a Programme Committee (PC) set up by Department/ School/Centre/Interdisciplinary Group, offering the programme.

The total credits are divided between course credits and the M.Tech/M.P.P. project credits, as specified by the individual Programme Committees(PCs). Course credits include theory courses, laboratory courses, seminars and other academic work like practical training, field visits, etc. as specified by the PCs. To enhance interdisciplinary content, one Institute Elective course has been made mandatory for all students, wherein students will select a course from a list of courses specified from time to time. Apart from this, one course on Communication Skills is compulsory for all students. A programme may have a mix of compulsory and elective courses.

The common framework of the programmes incorporates sufficient flexibility, both at the individual programme level and the student level. All academic work associated with the programmes, including those, which carry a PP/NP grade, carry credits commensurate with the quantum of work.

Students with adequate background may be permitted by PCs to replace 6 or 12 course credits with R&D projects (distinct from M.Tech/M.P.P. project). If the option is for 12 credits, it can either be taken together in one semester or split into two projects of 6 credits each, taken in two semesters. One cannot register for more than 6 R&D project credits in the first semester. The projects will be evaluated as per norms set by each PC and will be awarded letter grades.

Another important feature of the programme is the concept of a 'minor' wherein a student can utilize electives into a focused group of courses in another discipline. A minor will consist of a minimum of 18 course credits. This may include a maximum of 6 credits of R&D project. The Programme committees are required to prescribe and approve the structure of the minors to be offered.

Table 2 gives, as an example, the structure of the M.Tech. Programme for the hypothetical Department. The credits are distributed over 4 semesters. The second and the fourth semesters include the immediately succeeding summers, and hence have higher credits. There should be a minimum of three theory courses in the first semester. Other courses may be spread over the next three semesters. The project work, done in two stages, is distributed in semesters 2, 3 and 4.

Please see the bulletins of various departments/centers/schools & Interdisciplinary groups for details of their programmes.

### **M.DES. PROGRAMME**

(Industrial Design, Visual Communication, Animation, Interaction Design and Mobility & Vehicle Design)

Industrial Design Centre offers a 2-year programme leading to Master of Design degree (M.Des.) in Industrial Design, Communication Design, Animation, Interaction Design and Mobility & Vehicle Design .

The first two semesters in the first year consist of theory courses and learning/instruction-oriented projects. The second year is largely spent on design projects. Depending on their interest, the students choose elective courses in the 3<sup>rd</sup> semester. In the last two semesters, the students undertake three application-oriented projects of varying duration and complexity. The schedule of projects and seminars for students of this programme is given in Table 3.

Every student must register in each semester until he/she completes the programme.
- 1.1.3 All students have to clear the Institute and Hostel dues **before Registration.**
- 1.1.4 IIT Bombay follows a semester system, hence registration at the beginning of each semester is mandatory for every student till he/she completes his/her programme of study. If a student does not register in a particular semester without prior permission of the PGAPEC, he/she ceases to be a student and the admission is liable to be cancelled.

Further, if a student does not register for TWO consecutive regular semesters, the admission will be cancelled by the PGAPEC suo moto.

- 1.1.5 The Faculty Advisory Group is authorized to carry out the course registration and also adjustments as specified later. However, once the student is registered for the project work, the project supervisor also acts as a Co-faculty Advisor and assumes most of the responsibilities of the Faculty Advisor. A student is to register for courses in the beginning of the semester, which is to be done on the dates announced for the purpose.  
**The Faculty Advisor shall be competent authority to approve the course registration in all cases.**
- 1.1.6 A student is not permitted to re-register for a course, which he/she has undergone and in which he/she has secured AU, DD or higher grades, except for students who are under Academic probation and opt for grade improvement. (Ref. Rule MR 3.5)
- 1.1.7 **Any student who concurrently registers for any postgraduate degree at another organization shall be automatically de-registered at the Institute.**

### **B) Submission of final year mark sheets/provisional certificates of their qualifying degree by the Master's students**

1. All Postgraduate students should ordinarily submit their certificates latest by September / February respectively when admitted in the Autumn / Spring Semester of a given academic year, after joining the Institute.

2. The students who are unable to submit their certificate by these dates, should apply for extension along with an undertaking stating the due date for submission, giving proper reasons on a prescribed form developed for the purpose.
3. Even if a student does not submit the certificate until the commencement of the Semester end examination, he/she would be allowed to appear in the examination. However, the results of such a student shall be withheld until the required documents are produced.
4. Cases of students who do not submit the certificates after the first semester will be reported to the Dean (AP) and the Director for further consideration and decisions/actions.

### **MR 1.2 : Course Adjustments**

Within the period prescribed in the Academic Calendar, a student can substitute one or more courses by others. For this purpose the student **has to carry out Course Adjustment** in consultation with his/ her Faculty Advisory Group.

### **MR 1.3 : Institute Electives ( Ref. 201<sup>st</sup> & 206<sup>th</sup> Senate Meeting)**

The PGPC shall recommend one list of possible courses, which could be taken by a Master's student as an Institute Elective, in the routine course of registration. A choice of Institute Elective from among the courses in this list will **not** require special approval from the Faculty Advisor and/ or Dissertation Supervisor, as appropriate, or from the Convener, DPGC/ PGC/ IDPC. Students may not take those courses in the list which are closely allied to their discipline under the Institute Elective. However, a Master's student shall **also** be permitted to opt for any other course offered at the Postgraduate level in an academic unit **other than his/her own**, with sufficient credits assigned to it, as an Institute Elective. To exercise this option the **explicit approval** of his/her faculty Advisor and/ or his/ her Dissertation Supervisor, as appropriate, **together with** that of the Convener, DPGC/ PGC/ IDPC of his/her academic unit shall be required.

#### **MR 4. Course Assessment and Award of Grades (Amended : 158<sup>th</sup> Meeting of the Senate)**

##### **MR 4.1 Grades**

For every course taken by the students, he/she is assigned a letter grade on his/her combined performance in all the assessments. These grades are described by the following letters and corresponding grade points.

AP (10 points [Grade is awarded to students with exceptional performance]), AA (10 points), AB (9 points), BB (8 points), BC (7 points), CC (6 points), CD (5 points), DD (4 points), FF (0 points), FR (0 points), PP (Passed, 0 points), NP (not Passed, 0 points), AU (Passed, 0 points),DX (0 points) and W (0 points). **Minimum passing grade in a course is DD.**

The grade “**AP**” indicates exceptional performance and is awarded only in the Course/(s) in which the number of registered students is more than 50. It should not exceed 2 % of the total strength of the particular theory or lab course. The grade “**AP**” is not awarded for 29 projects / seminars.

All grades (including FR, DX, W etc.) obtained by a student will be mentioned in the transcript. (Ref. 225<sup>th</sup> Senate Meeting)

##### **MR 4.2 – FF and FR grade**

The letter grades **FF** and **FR** shall be treated as failure grades. Re-examination is permitted for a course if he/she obtains **FF** grade. After such re-examination if the student passes in that course, he/she will be awarded the **maximum grade of DD** in that course. If a student does not take or fails in the re-examination, he/she will be awarded the grade **FR**.

The students will be given only one chance for re-examination in case of FF grade, otherwise the grade will be converted to FR.

**FR grade** will be awarded in case(s) where, in the opinion of the Instructor (panel of examiners in case of the Projects), the student has inadequate academic exposure to the course/has very poor performance in the in-semester and/or end-semester examinations.

##### **MR 4.2.1(A)**

A student getting a **FR** grade has to re-register for the same course if it is a core subject. If this course is an elective course, he/she may register for an alternative course as prescribed by the DPGC/IDPC/SPGC, without this being counted as an additional courses. **The faculty advisors and DPGC/IDPC/SPGC would exercise special care and assist the students in this regard.**

### **'Deutscher Akademischer Austausch Dienst (DAAD) : A German Academic Exchange Service**

This applies to those students who are selected under DAAD scheme and who in some cases, due to ill health, cannot clear a course, of a particular semester in that semester. If the backlog course is not offered in the next semester, they cannot register and clear it in time. These cases will be decided on a case to case basis by the Chairperson, Senate after obtaining necessary recommendations from the DPGC/ IDPC/ SPGC/ CPGC and Convener, PGAPEC.

The following options may be recommended to clear backlog course(s).

a) Taking course work at the host Institute of equivalent credits.

b) R&D Project: Students may be given an option to register for 6 or 12 courses credits as R&D project work during their entire stay (PC option). If the option is for 12 credits, it can either be taken together in one semester or split into two projects of 6 credits each, taken in two semesters. One cannot register for more than 6 R&D project credits in the first semester. These projects will be evaluated as per norms set by each PC, and awarded letter grades.

### **MR 4.2.2**

#### **(i) M.Tech./M.Des.**

A student will be permitted to take re-examination for FF grades in a given semester provided the number of FR grades do not exceed those given in MR 5.2.1(i)(a). The re-examination is assigned 50% weightage and is conducted as per a declared schedule after the semester-end examination.

#### **(ii) MBA**

A student will be permitted to take re-examination for FF grades in a given semester provided the number of FR grades do not exceed those given in MR 5.2.1 (ii)(a) for 50% weightage & immediately after the semester end-examination.

**After such a re-examination if the student passes in that course, he/she will be awarded the maximum grade of DD in that course.** (254<sup>th</sup> Senate meeting)

Student with FF grade(s) shall be permitted to write re-examination, if after re-examination they are likely to get a SPI/CPI greater than or equal to 4.0. The SPI/CPI will be calculated before re-examination assuming that he/she gets 'DD' grade in re-examination.

### **MR 4.3 Audit Grade**

A student wanting just an exposure to a course, without the rigors of obtaining a letter grade, can register a course in 'Audit' mode. A course can be audited provided the course is offered in the semester as a credit course for others, and there is no slot clash. Prior permission of the Instructor is required.

To complete a course in 'Audit' mode, the student has to fulfil the requirement as set by the course instructor, such as submission of assignments and minimum performances in in-semester evaluations. A course, successfully completed in 'Audit' mode, can not be considered towards the requirement of Minor or Honors.

A student, on successful completion of the requirements of a course in 'Audit' mode, will be eligible for a 'AU' grade. The 'AU' grade carries zero grade point and is not included in SPI/CPI calculations. The 'AU' grade will be shown in the Transcript.

In case a student fails to complete the requirements of a course, registered in 'Audit' mode, instructor will not assign any grade and the student will be de-registered from the course. The same will be deleted from the student's registration, as it will be assumed that the course has been dropped by that student.

PG student can audit maximum TWO courses per semester.

#### **MR 4.4 Additional Learning (Ref : 210 Senate Meeting, 237<sup>th</sup> Senate Meeting)**

The students have an option of taking a course as “Additional Learning”. These courses can be registered at the time of semester registration of courses. Registration for additional courses will require approval of the faculty advisor. “Additional Learning” tagged courses will be in addition to the minimum course credit requirement and will not effect the SPI/CPI, but the actual grades obtained will be shown in the transcript.

There will be one-time option of changing the tag of a course. The “Additional Learning” tagged courses can be re-tagged as “Department/Institute Elective” and vis-a-versa. “Core courses” cannot be re-tagged as “Additional Learning” or “Department/Institute Elective”.

The option of permitting student to register a course as “Audit” is left to the course instructor.”

#### **MR 4.5 II grade (Ref : 207<sup>th</sup> meeting of Senate)**

The grade II shall be awarded to a student in a lecture/ laboratory course if he/she has satisfactory in-semester performance and has fulfilled the attendance requirement, but has not appeared for the semester-end examination. The student will be eligible for a make-up for the semester-end examination if the absence was due to medical reasons or extraordinary circumstances. For re-examination, the student will have to apply to the Academic Office. In case of absence due to medical reasons, the application should be accompanied by a medical certificate issued/ authenticated by IIT Bombay Hospital. In case of absence due to extraordinary circumstances, the supporting documents should be submitted. The Academic Office will decide whether re-examination is to be allowed, after consulting with UGAPEC/ PGAPEC (in case of medical reasons) and Dean AP (in case of extraordinary circumstances). In case a re-examination is allowed and is conducted, the instructor shall decide the final grade on the basis of sum of in-semester and the re-examination marks. The weightage of the re-examination would be the same as that of the final examination that the student has missed. In all other cases the II grade will be converted to FR grade.

## MR 4.6 Class Attendance Rules

**DX grade (Ref : 235<sup>th</sup> meeting of Senate)** - “ ‘DX’ grade is awarded to students who have inadequate attendance as per following : IIT Bombay expects one hundred percent (100 %) attendance from its students. If the attendance of the student, as counted with effect from the first contact hour, falls below eighty percent of the total attendance expected, the instructor may award the student, a ‘Drop due to inadequate attendance’, ‘DX’ grade in that course. For the purpose of CPI calculation, the ‘Drop due to inadequate attendance’ Grade would, be treated as equivalent to a ‘Course Drop’ carried out on initiation by the student. In calculating attendance, no specific concession may be given for lack of attendance on Medical grounds. Further, if a student has 80% attendance or more, he/ she cannot be awarded the ‘DX’ grade.”

The only exception to this rule are courses where the instructor has declared that no DX grade will be awarded.

The instructor may also reserve some weightage upto a maximum of 20%, for attendance and/or class participation.

## MR 4.7 Seminar Grade

For the student who has submitted the seminar report in time, but the evaluation of which however could not be completed, the Seminar Co-ordinator shall award the grade II and shall forward the grade report to the Academic Office before the end of the semester. All such II grades shall be converted into suitable letter grades in due course of time, before one month following the end of the semester.

**MR 4.8** If a student either does not submit his/her seminar report by the prescribed date or he/she is absent for presentation on the scheduled date he/she shall be awarded **FF** grade unless he/she is given extension by the coordinator under exceptional circumstances.

## MR 4.9

All students who get **FF** grade in the Seminar shall be allowed to complete the evaluation during the period earmarked for re-examination and will not be given a grade better than the grade, **DD**.

## MR 4.10 PP/NP Grade

Practical Training, Communication skills and Field Visits courses will be awarded PP/NP grades. No grade points are associated with these grades and performance in these courses is not taken into account in the calculation of the performance indices SPI or CPI. However, the award of the degree is subject to obtaining a PP grade in all such courses.

## MR 4.11 Compensatory time to PwD students (Ref: 239<sup>th</sup> Senate Meeting- effective from end semester examination of the Autumn Semester 2019-20)

Compensatory time is to be provided to all PwD students across the Institute during written examination.

For PwD Students, ‘compensatory time’ will not be less than 20 minutes per hour of examination for persons who are allowed use of scribe/ reader/ lab assistant.

All the candidates with benchmark disability not availing the facility of scribe may be allowed additional time of minimum of one hour for examination of 3 hours duration. In case the duration of the examination is less than an hour, then the duration of additional time will be allowed on prorata basis. Additional time will not be less than 5 minutes and will be in the multiple of 5”.

PwD students must inform the instructors in advance regarding their need for compensatory time during examination.

#### **MR 4.12 “Gender in the Workplace” - GC 101 Course (PP/NP course) (Ref : 249<sup>th</sup> & 254<sup>th</sup> Senate Meeting)**

1. This is a non-credit Institute core course having 0 credit. The course is compulsory to all students.
2. No grade points are associated with this course and performance in this course will not be taken into account in the calculation of the performance indices SPI/CPI.
3. The course is on an online mode of delivery and will not be more than 3 hours, at a stretch.
4. The award of degree will be subject to obtaining the “PP” grade in this course.
5. Students are required to complete the course in their first semester.

##### **Overview :**

TASET program is designed to introduce TAs to their tasks and responsibilities and enhance their skill set. The program will also guide students in identifying and addressing challenging situations they may face as TAs.

##### **Guidelines for TA 101 :**

1. To exclude the following Masters’ Programmes from the mandatory requirement : 2 Yr M.Sc., MBA, EMBA, MEng, MDP and e-PGD.
2. To exclude visiting students from this requirements.
3. Only one course TA 101 in the self interactive mode on “Moodle” (same as GC101) to be offered.
4. Grades (PP/NP) for TA 101 to be auto reflected on ADMS after successful completion /non completion.

5. Student will be auto registered/have to register the TA 101 course in their first semester. Students should preferably complete the TA 101 course in their first semester. If not completed, will be auto registered/have to register the course in their next semester, till they complete it and awarded "PP" grade.
6. Students who fail to complete the course or failed in the course, will be awarded 'NP' grade which will reflect in the transcripts like any other courses, with 'NP' grade, till the student completes it and awarded "PP" grade.
7. **Completion of TA 101 to be applicable for all PG and UG DD (B.Tech. +M.Tech., B.Des. +M.Des., B.S.+M.S.) students from batch 2022 onwards.** However, UGTAs from earlier batches who perform TA duty for various UG courses, are required to pass the moodle part of TA 101 to apply for doing TA duty and receive their UGTA-ship from Spring Semester 2022-23 onwards.
8. PhD students (paying non-concessional fees and who joined before 2022) must pass moodle part of TA 101 in order to apply for doing TA duty and seek fee concession. This is also effective from Spring Semester 2022-23 onwards.
9. On non-completion of TA 101 or having 'NP' grade in TA 101 by the student, the continuation of TA duty and release of TA/stipend will be decided by the respective academic units. The student is to be awarded the degree even though the student may not have completed TA 101 or has 'NP' grade.

#### **MR 4.14 : End Semester Examination (257<sup>th</sup> senate meeting)**

The semester-end examination is desirable. If the instructor requires any deviation from having semester-end examination for his/her course, he/she should obtain approval from the respective DPGC, giving the justification, before the beginning of the semester.

#### **MR 4.15 : Disclosing the Evaluated Answer scripts after Semester-End Examination (259<sup>th</sup> senate meeting)**

A course instructor will make arrangement for students to see all evaluated answer scripts, student submissions and other graded material before finalization of grades for theory as well as for lab courses as per dates published in Academic Calendar.

### **MR 5. Performance Requirement and Re-examination in Courses**

#### **MR 5.1 : Minimum course CPI requirement**

The minimum course CPI requirement of 4.0 for continuation in the programme. The minimum overall CPI requirement for graduation (with having passing grade in all the courses & projects counted towards graduation requirement) is 4.00. (254<sup>th</sup> Senate Meeting)

This is applicable from 2022 batch onwards. For earlier batches the requirement stands status-quo i.e. requirement of minimum 6.0 CPI (for continuation and graduation).

The performance of a student in a semester is indicated by a number called the Semester Performance Index (SPI). The SPI is the weighted average of the grade points obtained in all the courses and projects taken by the student during the semester.

Example: Suppose in a given semester a student has taken five courses having credits  $C_1, C_2, C_3, C_4, C_5$  and his/ her grade points in those courses are  $G_1, G_2, G_3, G_4, G_5$  respectively. Then his/ her

$$\text{SPI} = \frac{C_1 G_1 + C_2 G_2 + C_3 G_3 + C_4 G_4 + C_5 G_5}{C_1 + C_2 + C_3 + C_4 + C_5}$$

SPI will be calculated (after re-examination, if any) on the basis of the final grades awarded AA, AB, BB, BC, CC, CD, DD and **FR**. The SPI is calculated up to two decimal places.

An up-to-date assessment from the time the student entered the Institute is obtained by calculating a number called the Cumulative Performance Index (CPI). The CPI is the weighted average of the grade points obtained in all the courses taken by the student since he/she entered the Institute. It is calculated in the same manner as the SPI.

A student who obtains a fail grade (FR) in a course more than once, the grade points/credits will figure only once in the numerator as well as denominator, respectively, for the purpose of SPI/CPI calculations. (Ref. 228<sup>th</sup> Senate Meeting)

The courses which do not form the minimum requirement of the degrees will not be considered for calculation of the SPI/CPI. Such additional courses undertaken and the grades earned by the student will be shown separately. The CPI should include mandatory courses/project.

**For M.Tech./MPP :**

A) The updated SPI/ CPI will be shown in the transcript only after the last date of grade submission (project and course) as per the Academic Calendar. Till then, only the SPI/ CPI till previous completed semesters will be displayed. [Ref : 241<sup>st</sup> & 246<sup>th</sup> Senate Meeting]

B) The Transcript will reflect only two CPI i.e. a) CPI Courses and b) CPI – Courses + Project.

(Transcript for the corresponding Autumn semester will include project stage I grades for CPI calculation.

The CPI Courses + Project be retained to be termed as “CPI (Overall)” at the end of the transcript.

No SPI/CPI displayed in the transcript in the “Semester Project”.) [Ref : 241<sup>st</sup> & 246<sup>th</sup> Senate Meeting]

**For M.Des./MBA:**

CPI for the course credits and the project credits are calculated together to obtain SPI/CPI and will be shown as an overall CPI.

### **MR 5.1.1**

In case of a student clearing a failed course, or a course taken in lieu of an earlier course as approved by the Department, the earlier failed grade would be replaced by the new passing grade in calculation of the CPI.

### **MR 5.1.2 (254<sup>th</sup> Senate meeting)**

For CPI requirement of 4.0 (Rule 5.2.4), if re-examination is allowed and taken, CPI will be calculated using the new grade obtained by the student in the re-exam.

### **MR 5.2 Discontinuation from the programme (Ref. 167<sup>th</sup> ,182<sup>nd</sup> & 254<sup>th</sup> Meeting of the Senate)**

Note : The minimum course CPI requirement of 4.0 for continuation in the programme is applicable wef 2022 batch. For earlier batches, the course CPI requirement for continuation in the programme stands status-quo i.e. 6.0.

#### **MR 5.2.1**

(i) **M.Tech./ MPP/ M.Des.**

- a) A student will be required to discontinue the programme if he/she has two or more FR grades in any course at the end of any semester. FR in additional learning course will not be counted towards discontinuation of the programme.
- b) Student shall be discontinued from Masters' programme, if the course CPI is below 4.00 in any semester.

(ii) **MBA**

- a) A student will be required to discontinue the programme if he/she has three or more FR grades in any course at the end of any semester. FR in additional learning course will not be counted towards discontinuation of the programme.
- b) Student shall be discontinued from Masters' programme, if the course CPI is below 4.00 in any semester.

#### **MR 5.2.2**
