| 314 | IITMU/R/E/24/00420 | 04.10.2024 | Indian Institute of Technology<br>BOMBAY<br>Sub : IIT seat - regarding<br>Respected Sir,<br>The situation I am describing involves the cancellation of Siddhant Batra admission due to error he made due in on-line admission process in October 2020 and a subsequent Supreme Court (SC) ruling in Dec 2020 for allotment of IIT seat in your institution . The key points are as follows:<br>1. Admission Cancellation: Siddhant Batra admission was cancelled due to error he made in on-line admission process in October 2020 , as per the established procedures of the institution.<br>2. Seat Allotment: After the cancellation, the seat likely would have been either:<br>a Reallocated to the Next Eligible Candidate: If the admission process was following standard procedures, the seat would have been offered to the next candidate in line based on merit or ranking. This is typically done to ensure that all seats are filled as per the set limits defined by the governing IIT council.<br>b Left Vacant: In some rare cases, if no eligible candidates are available or the process is delayed, the seat might remain vacant, though this is uncommon in competitive programs like IITs.<br>3. Supreme Court Ruling: After two months, Siddhant Batra was allotted a seat by the Supreme Court. The type of seat offered depends on how the situation was handled after the initial cancellation:<br>a Supernumerary Seat: If Siddhant Batra original seat was already reallocated to another candidate, he might be offered a supernumerary seat, which is an additional seat created to accommodate a specific candidate, typically due to legal or special considerations.<br>b Vacant Seat: If the seat remained vacant after his cancellation, the Supreme Court might have reinstated him to the same seat.<br>To summarize, I would like to get information regarding IIT governing body decision based on seat availability and court orders. whether Siddhant Batra was allotted a supernumerary seat or a previously vacant seat depends on whether his original seat was reallocated to another candidate after his cancellation. | 05.11.2024 | This has reference to your above RTI Request under RTI Act 2005. Your query was sent to the concerned office, based on the reply received it is stated that the seat allotted to Siddhant Batra was an additional seat created to comply with the order of the Honorable Supreme Court. |

| 514 | IITMU/R/E/25/00094 | 09.03.2025 | Respected Sir/Madam,<br>I am a 12th grade student in Bengaluru. I had written the UCEED exam (conducted on 19th January 2025) which was conducted by IIT Bombay. In the Part-B (drawing section) which consisted of two drawing questions, I had attempted both of them. The whole part-b question was displayed on the computer and we were given a booklet for drawing. Once the drawing was completed, we were supposed to click on MARK AS ANSWERED button to go to the next question. I did not click on that button for the last question (i.e., second drawing question), but I have attempted the question in the booklet. I could not click on it because the test got submitted automatically since the time was up. The result was announced on 7th March 2025. I checked my result and only 12 marks were given in the part-b out of 100 (50 marks per question). I want to know if my 2nd question was evaluated or not because I expect there is a less chance I could get only 12 marks for both the questions.<br>Kindly clarify if the second question was evaluated or not and see the 12 marks for both the drawing questions.<br>Please find my admit card and screenshot of the score card attached in the PDF (I have uploaded in the SUPPORTING DOCUMENTS section).<br>Thank you | 25.03.2025 | Part B is a paper based exam, all evaluations are manually performed, hence, there is no need to worry about not selecting the mark as answer option. Part B is evaluated by atleast two expert evaluators separately and independently based on the evaluation criteria mentioned in the question paper. There is no discrepancy found in your marks. |

Additionally, is there an established grievance redressal mechanism for students who believe that these requirements impose undue physical or mental strain or violate their personal autonomy? My specific queries are as follows:<br><br>1. Is a PhD in Psychiatry considered a relevant, allied, or concerned discipline for Psychology to meet the eligibility criteria for Assistant Professor positions in Psychology at Central Universities and IITs?<br><br>2. Is a PhD in Psychiatry (i.e., PhD after M.Sc Psychology without RCI lisence) awarded by AIIMS Bhopal considered equivalent to UGC recognised PhDs for the purpose of eligibility for such positions?<br><br>3. If there are specific guidelines or notifications defining equivalence or relevance for PhDs in such cases, kindly provide the official document or reference.<br><br>I request a detailed response to the above queries. | 27.03.2025 | forwarded to the concerned office, based on the reply received from concerned office, information pertaining to IIT Bombay is provided as follows point wise : Reply 1 : A psychiatrist is a medical doctor who specializes in treatment of mental health issues with a medical model. Their training would cover more clinical training and not trained in core psychology courses. Further, our students are social science students with no qualification/training in medicine. Hence, courses their training as part of the Ph.D coursework does not involve any medical models to treat individuals. Therefore, at Dept of HSS, IIT Bombay for an Assistant Professor, a PhD in Psychiatry would not be an allied discipline for Psychology. Reply 2 : The question is incomplete to answer. As mentioned in Answer No. 1 Psychiatry is a branch of medicine. It is not a branch of Psychology. Ph.D after an Msc in Psychology with or without RCI does not lead to degree in Psychiatry. The applicant did not mention whether PhD was completed after Medical degree. So reply without complete information is not advisable. Applicant may contact either UGC or AIIMS Bhopal about the recognition of the AIIMS Bhopal PhD degree by UGC. Reply 3 : The HSS Dept of IIIT Bombay does not have information on equivalence guidelines of UGC. The applicant may contact UGC to get the information about either equivalence or relevance for |

Context:<br>A.1. The applicant has raised a complaint regarding his research work being published without his name and approval, and instead under the names of predatory authors. Despite four years having passed, the applicant has neither received any communication from IITB regarding the inquiry nor received a closure report stating the outcome of the complaint.<br>A.2. The applicant filed an RTI application (IITMU/R/E/24/00151) seeking the status of the matter concerning one of the research papers titled "Nitro-Substituted Bishomocubanes: Synthesis, Characterization, and Application as Energetic Materials" with a DOI number:<br>https://doi.org/10.1002/asia.201402607<br>A.3. If the same response is received in the first appeal, it implies that either the committee has communicated something else to me during their investigation and submitted a report with a false narrative, or willfully false information has been provided to the applicant under this RTI application with intent to coverup the matter. This constitutes a case of forgery and is punishable under various sections of IPC/BNS (as applicable).<br>C. Source of Information<br>C.1. | 22 | IITMU/R/E/24/00262 | 16.07.2024 | First Appeal Application under RTI Act, 2005 To, Registrar, Indian Institute of Technology, Bombay Powai, Mumbai Subject: First Appeal under RTI Act, 2005 Respected Sir/Madam, I, Radhik Rammohan, a resident of Nellipparambil House, Perur.P.O had filed an RTI application dated 23/06/2024 to the Public Information Officer (PIO) of IIT Bombay, seeking information under the Right to Information Act, 2005. The details of my RTI application are as follows: RTI Application No: IITMU/R/E/24/00262 Date of RTI Application: 23/06/2024 I received a response from the PIO on 10/07/2024, which stated that the IITB-Monash Research Academy comes under Section 8 company and does not come under certain queries of the RTI Act. I find this response unsatisfactory for the following reasons: Reasons for Dissatisfaction: 1. The response does not clearly explain why the IITB-Monash Research Academy is not obliged to provide the requested information under the RTI Act, despite performing a public function and potentially receiving substantial government funding. 2. The RTI Act is designed to promote transparency and accountability, and denying information on these grounds seems contrary to the spirit of the Act. 3. The specific queries made in my RTI application should be answered to uphold the principles of transparency and accountability, especially if the academy receives any government support or funding. 4. IIT Bombay is a government of India institution. Hence, its associations, especially its academic collaborations and functioning, should be subject to transparent functioning. As per Section 19(1) of the RTI Act, 2005, I am filing this First Appeal to seek a more detailed and satisfactory response. I request you to kindly reconsider my appeal and direct the PIO to provide the complete and correct information at the earliest. Yours sincerely, Radhik Rammohan | 24.07.2024 | No.REG/R-8(A)/2024 July 24, 2024 ORDER RTI Appeal dated 16.07.2024 of Shri Radhik Rammohan was examined against the reply dated 10.07.2024 by CPIO on his RTI application No. IITMU/R/E/24/00262 dated 23.06.2024.
